

## **FOUR SEASONS HOTEL: A NEW DAWN**

The Four Seasons Hotel in Limassol Cyprus has an exceptional new look!

Still in place is the wonderful service, the unique ambience, the unparalleled comfort.

But guests can now experience a new level of redefined luxury.

Twelve new and extraordinary penthouse suites. Double Jacuzzis. Rain showers in every standard room. Walk in showers in every family or studio room. The world's most comfortable beds.

The Four Seasons is an experience to relish.

And it's not just the rooms that have been recreated.

The Four Seasons' Thalasso Spa now offers the "Rasul" - a new mudbath experience from the Middle East, in a specially designed treatment suite, with aromatic herbal steam infusion, for two.

Le Club Actif sports and leisure facility has been completely redesigned to make it the best equipped and most up to date of its type in Limassol.

**Speaking about the 'new' Four Seasons, Mr. Christos Mouskis Chairman of Muskita Hotels Ltd,** said: "The Four Seasons has reopened as a new hotel product. A six million pounds facelift has created a total of 40 suites, a renewed ambience, encompassing garden studios and suites with private outdoor jacuzzis, and all new high-tech kitchens."

The remarkable dining rooms, from the Four Seasons Ballroom to the Café Tropical set in its own tropical wonderland, serve a range of exotic dishes as guests enjoy a host of theme nights, shows and entertainment, while renowned chef Kenny Keung has produced a host of taste sensations for the Chinese restaurant.

The Chairman's Suite, consisting of two executive level boardrooms, is a welcome addition, while Colors, with its spectacular array of pastries, savouries and home made ice creams, is the perfect place for afternoon tea.

**Speaking about the re-launch, Nick Aristou, Director of Business Development at the Four Seasons,** said, "This full makeover is the latest phase in 12 years of constant innovation and change. We are proud of what we have achieved in the past, and have high hopes for the future. What we launch today sees us attain new standards of quality, and it is our intention to continue to meet and exceed the expectations of our discerning clientele for many years to come."
